

Rancho Pico Jr. High **Immunization Requirements**

POLIO

4 doses. 3 doses meet the requirement if the 3rd dose was given after 4th birthday.

DPT

5 doses. 4 doses meet the requirement if the 4th dose was given after the 2nd birthday.

MMR

2 doses. The first dose must **not** have been given more than 4 days before the students 1st birthday. If it was, the student will need a 3rd dose.

VARICELLA

1 dose from 12 months to 12 years, OR 2 doses at 13 years or older.*Must have documentation on the immunization card that states the student has had the disease or the vaccine.*+

HEPATITIS B

3 doses. There is a 2 dose formula for ages 11-15, but the Doctor/Clinic **MUST** document that the 2 dose formula was given.

MANTOUX TB TEST

The TB test requires **written** documentation of the **test date**, **read date**, and **results**. If result is positive, Chest X-ray date and Impression results are **MANDATORY**.
